NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED AT ELECTIONS.

Apparent inconsistencies in the report may be accounted for, in part, as follows: —

First. — The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second. — The number of registered male voters includes persons who are exempt from taxation and therefore are not included in the number of assessed male polls.

Third. — Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.
